## **TECHNICAL DATA SHEET**

### **GROOM ALL**

#### **DESCRIPTION:**

“GROOM ALL” is a completely and rapidly biodegradable cleaner and broad-spectrum disinfectant. “GROOM ALL” contains naturally derived solvent, blended vegetable oil surfactants and phosphate free water conditioner and dispersants. “GROOM ALL” is very concentrated and provides rapid penetration and removal of most soils off a variety of surfaces. “GROOM ALL” is seawater compatible for marine applications and can be used on any washable surface.

#### **APPLICATIONS:**

#### **SUGGESTED DILUTIONS:**

Removing grease and oil from:	Bitumen	1:2
	Concrete	1:2
	Extreme cases	1:1
Carpet cleaning – spots		1:20
Carpet cleaning through machine		1:20
Car washing – external through pressure spray		1:50
Chrome and steel		1:5
Floors – daily		1:10
Glass cleaner – spray and wipe		1:75
Kitchen equipment: Loose items soak		1:15
	Wipe on, wipe off	1:30
	Baked and burnt pans – soak	1:5
Metal degreasing:		1:50
Roofs/pathways		1:10
Upholstery: spot cleaning		1:10
Walls: ingrained dirt		1:5
	Light dirt	1:30
	Fire smoke	1:5
	Cigarette smoke	1:20
Water blasting/steam cleaning		1:40

Furthermore, nothing contained herein shall be construed as a recommendation to use any product in conflict with existing patents covering any material or its use.

**GROOM ALL**  
**PAGE 2 OF 2**

**INSTRUCTIONS:**

Dilute accordingly and spray, brush or soak. Allow to dwell for 1-2 minutes then rinse or wipe off. For food surfaces rinse thoroughly with potable water.

Test fabrics and carpets for colour fastness. When using strong concentrations on old paint, test effect on paintwork.

“GROOM ALL”, by way of its cationic ingredient, will disinfect effectively at dilutions of up to 1:30 parts water. Due to the lower molecular weight for disinfecting ingredients with other Envirochem disinfectants, these may offer higher disinfecting properties and/or increased dilution levels. The cleaning operation, however, may not be as efficient.

**PROPERTIES:**

Appearance:	Golden yellow clear liquid
Odour:	Pleasant citrus characteristic of solvent employed
Specific Gravity @20°C:	1.065
pH Solution:	11.3
Concentrated	
Non-flammable	
Rapidly biodegradable	
Phosphate free	
Compatible and effective with sea water	
Disinfectant (Quaternary Ammonium Chloride)
